Dear Roger,

RE: Appointment Request for Cardiac Check-up

I would like to request a medical appointment to see you at the Plym University Hospital for Cardiac Check-up. Since one month, I have been suffering with mild chest pain. I consulted a general physician, but I am not happy with the treatment provided by him.

After a week of treatment, my doctor advised me to fix an appointment with you as he is suspecting a major cardiac problem.

It is very important me getting the check-up done as soon as possible in order to avoid any serious condition future. It is also getting really difficult to manage with the chest pain from the past one month.
